As the four friends, accompanied by three other friends, make their way back to Freddy's, only to get caught by the night guard that patrols through the halls.

## Climax

After the friends fled the building after an animatronic cut one of them, they realize that they're short a person, so they go back and find that the animatronics move as if they are alive.

## Falling Action

## Resolution

As the friends are leaving after the animatronics let them go, they put everything that blocked the door back where it was and left to go home.
